

The Global Trends & Predictions in Responsible Investing 2020-30 **Virtual** Conference

19 November

The Global Trends & Predictions in Responsible Investing 2020-30 Online Conference provides partners, sponsors, and speakers with a high profile and prestigious opportunity to address, impact and network online with their key stakeholders. The conference is an virtual forum to learn, share knowledge and interact for c-suite institutional investors, asset owners, investment managers, and policy-makers.

Among the core ESG issues that will be debated are:

- Climate change; Carbon reporting; Ratings and benchmarking
- Human rights and labour standards; Transparency and disclosure; Sustainability of supply chains
- Diversity and inclusion; Living wage; Gender pay gap

The ESG issues will be addressed through:

- Keynote presentations, made by acclaimed subject authorities
- Moderated panels, populated by leading figures from institutional investors, FTSE100 corporations, including asset owners, and policy-makers
- Showcase “In Conversation” sessions, featuring acknowledged subject leaders
- Interventions by more than 20 experts in their respective fields

“ESG factors are becoming increasingly prominent on investors’ agendas and are only set to continue to gain importance though the next decade and beyond.”

*Fiona Reynolds, CEO,
