2. Provides you with independent third party endorsement (use of Sustain Worldwide logo) to underpin your corporate sustainability initiatives and enhance your business reputation.
3. Introduces you to our extended and expanding business, technical, and communications & marketing network to assist you to drive profitable sustainability to the heart of *your* business.
4. Offers you complimentary invitations to selected Sustain Worldwide hosted seminars, conferences and networking events to increase your company's knowledge base and make valuable business connections.
5. Assists you to achieve best practice in sustainable certification and compliance methodologies, including BREEAM and LEED to provide you with robust building standards, increased investor confidence, risk mitigation to increasing energy prices and marketing differentiation.
6. Introduces you to consortia to maximise funded research opportunities, such as the 'Horizon 2020' framework to grow your knowledge base, demonstrate your acumen and access R&D funding.
7. Enables you to capitalise on the funding opportunities opening up in the arena of renewable energy, clean tech and sustainable development to grow profitably your business and market share and leverage your investment potential.
8. Provides you access to white papers, technical reports and marketing communications on sustainable development and related subjects to grow your knowledge, enhance your communications and increase your leadership positioning.
9. Introduces you to a highly competitive supply and value chain network to benefit from the alliance's collective purchasing power to reduce your capital costs and increase your profitability.
10. Gives you increased exposure to potential investors and buyers to maximise commercial and consumer openings and improve your company's profitable sustainability.

Annual membership fees

Standard membership £4,750

Premium membership (which carries additional benefits): £14,750

International and UK-based private companies, organisations, charities, educational establishments, government agencies, professional institutions and trade associations are welcome to join Sustain Worldwide.

Members of Sustain Worldwide are required to sign the Statement of Commitment and submit their Sustainability and/or Environmental Policy Statement.

Developer members are additionally required to exceed the local building standards in a sustainability context in the country where they are developing, and to recognise BREEAM, LEED or a local sustainability construction and certification methodology.

Statement of Commitment

- To develop and practice your business interests sustainably and in consideration of your impact on the environment and local communities.
- To inspire member developers and fellow professionals to build and conduct their business interests in a sustainable and socially responsible manner.
- To contribute time, knowledge, best practice and resources to the alliance's and other members' benefit.
- To attend Sustain Worldwide hosted events, including seminars, workshops, and conferences where possible.
- To support the alliance's work by paying annual membership fees in a timely manner.
